START WITH THE WATER COLOR YOU LOVE

CHOOSING YOUR WATER COLOR

Your liner does more than protect your pool—it sets the mood for your entire backyard. Because the liner is the most visible feature, its color has the greatest impact on the look and feel of your pool. To make selecting easier, we've grouped our patterns into four water color categories:

Aqua – Crisp and lively, with a sparkling, modern edge.

Light Blue – Bright, refreshing, and inviting.

Medium Blue – Clean and balanced, with a calm, inviting look.

Deep Blue – Classic and dramatic, with a timeless appeal.

Keep in mind that these categories are guides – actual water color can vary with lighting, pool depth, and surroundings.

NEW FOR 2026
